## **EXECUTIVE SUMMARY**

As we prepare to draw the curtain on our term. I want to talk to you about what we have went through together and what we must achieve in the upcoming year. From December 5th 2016 we the council saw ourselves as no ordinary council. We became first responders in times of natural disaster. As Mayor, there was nothing I asked of my council that I was not willing to and very often did for myself. With the level of action came a backlash like never before. As your Mayor - I'm determined that the negative narratives pushed by those with a not so hidden agenda will not be our future, your unkind words will not define us, nor will we allow it to.

Let me be clear - we have endured too many deaths. I thank God for a fierce TTPS and a dedicated Fire service second to none.

Improving the Municipal Police is of the highest priority, as well as regaining public confidence in them, which is why earlier this year the Minister of Rural Development and Local Government and the Service Commission ensured that hiring, reforming and training of our police officers took place. This increased the number of officers on our force who work in our town. This would have not been possible without the vision and persistence of the Minister of Rural Development and Local Government, Senator the Honourable, Haji Kazim Hosein.

The My Brother's Keeper Initiative which we implemented nearly year and half ago is working. It has already created a new way of collaborating across our agencies, and requires working hand-in-hand with law enforcement officers to immediately address circumstances that may affect a neighbourhood. Essential to reducing violence is improving the trust of our citizens in their police - men and women who every day put their lives on the line to serve and protect.

You will remember that we launched the Arima Volunteer Network initiative - a platform that gives all burgesses the opportunity to be a part of the solution to contribute and strengthen our communities.

We have united burgesses, businesses, non-profits, churches, educators, and our agencies to provide real solutions to the real problems. The biggest issue we faced was the Greenvale flooding, allowing to us to become a relief station. Sending items to Chairman Rondon in Sangre Grande, to Glen Ram in Mayaro, Rio Claro, Cumuto, Mazanilla, Valsayn, Cunupia. No matter where or who was the Chairman, Arima assisted. Arima your kindness and generosity made me so proud.

Arima is a community on the rise and unmatched quality of life. It's a town that faces the challenges that confront us. Most of all, it's a town that embraces diversity because we understand that what makes us different... is our greatest strength. As the Venezuelans came Arima embraced them because so many of our ancestors came from what we once called the mainland. Arima opened her doors because that is who we are. In Arima we've proven that we can all coexist peacefully.

Together, we've shaped Arima into a 21st Century town filled with potential and ambition. Everyday Investors are pouring in because they see the future. Those who claim Arima is not the best place to be. Our future success depends on our ability to grow ... our ability to take advantage of the opportunities coming our way... and our ability to expand the same opportunity for everyone.

## Arima Borough Corporation Administrative Report 2017 – 2018

Now, "Green City" is a buzzword that many use without really knowing its meaning. A green city is comprised of burgesses, neighbours, workers, and visitors who strive together "to balance ecological, economic, and social needs to ensure a clean, healthy and safe environment for all members of society and for generations to come."

In Arima, our goal is to become Trinidad and Tobago's First Green City. We have launched our **Page / 5** recycling programme Kalatua which means to renew to revive. Curb side recycling is here and we encourage you to approach us as community groups we will come to you. Now we are aiming even higher with our pledge to have 100 percent recycling energy for municipal buildings by 2020 and zero waste by 2040.

To achieve this, we need your support. The next Parks would be the Edward Metivier Park as well as Adrian Cabralis they would also be the first solar energy parks. We must also work together to expand and strengthen our quality of life amenities, our great places to play, to gather and to make memories with family and friends. We are working closely with both MPs. The Hon Anthony Carl Garcia who is working with me to solve the issue of covering the open market. The Hon Brigadier Ancil Antoine is helping is to upgrade India Grounds. In Arima we understand Team effort is needed.

This year, we will broke ground on the Community Centre, Thanks to Anthony Garcia's Persistence we are very close to the formal opening of the Arima Hospital. Once more our babies can be born and bred in Arima.

Our standard of excellence and desire to prove leadership is about service extends to everything we do in our effort to be a Green Ready City.

No one knows for sure what the future holds. But I know that we will be a fundamental part of it. To the members of our Council family, there is no better team in all of the country. From the bottom of my heart, it is an honour to work alongside you every day to serve our burgesses.

To our burgesses, thank you for your passion, your tenacity and your love of our town is beautiful. Everything Arima is and will be because of you. You all play an important role in building Arima. You are helping to build the First Green town dare I say City.

For those reasons, we can proudly declare that the state of our town is strong, unified. Each and every day I'm grateful for this tremendous opportunity to serve you.

God Bless You.

And, God Bless the Only Royal Chartered Borough of the Western Hemisphere.

Thank you.

Her Worship the Mayor Councillor Lisa Morris-Julian

### 1.0 **KEY ELEMENTS OF THE ARIMA BOROUGH CORPORATION (ABC)**

### 1.1 **Corporate History**

The Arima Borough Corporation is a corporate body, comprised of the Mayor, Aldermen, Councillors and Burgesses of the Borough. It was originally established under the Arima Corporation Ordinance Chap. 39 No. 11 (1950 ed.) In 1990, greater political decentralization was Page / 6 effected with the promulgation of the Municipal Corporation's Act - Act No. 21 of 1990.

1.2 **Core Business** 

As outlined in the Strategic Planning Framework of the Arima Borough Corporation for 2014 -2018, the core business of the Corporation is to ensure the planning, development and maintenance of a safe, modern and sustainable Borough. In order to achieve these strategic priorities the Corporation pursued the following core business goals, amongst others: -

- 1. The planning, implementation and maintenance of major infrastructural works in Arima with significant emphasis on: The construction and commissioning of the Arima administration building; Arima market; the upgrade of police accommodation; the refurbishment of the Velodrome; and the development of the Princess Royal Park among others:
- 2. Development of programmes which will involve burgesses in healthy, productive lifestyles and activities: and
- 3. A holistic strengthening and development of the municipal police service to allow for improved all round personal and infrastructural security in the Borough.

### 1.3 **Vision Statement:**

"To be a historically preserved, green, efficient, developed and effective Royal Chartered Borough serving a dynamic society".

### 1.4 **Mission Statement:**

"The Arima Borough Corporation is committed to forging partnerships with all stakeholders in creating a unique Royal Chartered Borough that delivers quality services, while preserving our distinct history, heritage and culture".

### 1.5 **Competitive Advantage:**

"Arima is blessed with royal chartered status for over 100 years. Our rich cultural heritage, strong communal roots, sporting icons and ambassadors, coupled with our commitment to being the premier provider of goods and services to our burgesses and other stakeholders, make us a model for Trinidad and Tobago and the wider Caribbean".

### 1.6 **Corporate Values:**

The Corporate Values of the Arima Borough Corporation are as follows:

- $\checkmark$  Recognition and appreciation that the Corporation's most important asset is its human resource;
- $\checkmark$  Operating with the spirit of loyalty, trust and respect for each other in the provision of goods and services to burgesses and others;

✓ Fostering stronger relationships between the administrative and political arm in order to enhance team work for more effective and excellent delivery;

Guided by the following Core Values:

- Integrity
- Accountability
- Transparency
- Efficiency and effectiveness
- Environmental consciousness
- Inclusivity (internally and externally)

## **1.7** Location of Operational Centres

- 7. Assessment of Properties for payment of Rates and Taxes.
- 8. Issuance of Certificates of Assessment
- 9. Transfer of Properties
- 10. Rental of the Corporation's Facilities and Advertising Space.

## 1.10 CORPORATE OBJECTIVES AND STRATEGIES

In the fiscal year **2014/2015** the Arima Borough Corporation structured its strategic goals within a balanced scorecard framework into a concrete set of objectives based upon three mandatory goals established by the Government of Trinidad and Tobago: -

**Goal 1: Effective and Efficient Institutions** 

**Goal 2: Service Delivery Excellence** 

**Goal 3: Management Performance** 

Using the balanced scorecard framework the Corporation's Mission and Strategies were organized into five (5) different perspectives incorporating the three mandatory Goals stated above:

- 1) Core business
- 2) Service delivery excellence.
- 3) Resource mobilization and utilization
- 4) Effective and efficient institutions or Internal Business Processes; and
- 5) Management performance/learning and growth.

These five (5) perspectives permit a balance between short and long term objectives, desired outcomes and performance drivers. In addition, they can be adjusted and developed as necessary.

### 1. A core function perspective

This perspective clarifies why the organization exists and allows the Corporation to ensure the planning, development and maintenance of a safe, modern and sustainable Borough.

### 2. A customer perspective (Service delivery excellence)

Customer service outcome measures include partner and public satisfaction; meeting the articulated needs of the public; providing clear, relevant and timely responses to major problems facing Burgesses and ensuring fair value for allocated resources.

### 3. Resource Mobilization and evaluation perspective

Utilizing effective performance measures to indicate whether the organization's strategy, implementation, and execution are contributing value for money in its major projects.

### 4. An internal business process perspective (Efficient and Efficient organization)

This perspective identifies the critical internal systems and processes in which the organization must excel. It therefore focuses on the internal process improvements that will significantly impact upon customer/client delivery. Key focus areas include: the ICT platform, and business continuity systems.

### 5. Learning and growth perspective (Management Performance)

Investments in the re-skilling of employees, changing the organizational structure and systems and transforming the organizational culture, procedures and routines in order to better achieve the Corporation's Vision, Mission, Values and Strategic Goals. Changes within the legislative framework within which the Corporation operates will also be required.

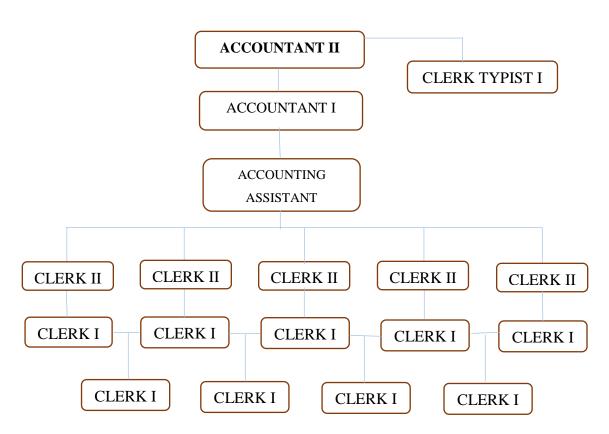

The following sections – namely Sections 2.0 to 11.0 – of this document summarize the reports of the major departments within the Arima Borough Corporation.

## 2.0 ACCOUNTS DEPARTMENT

The Accounts Department is structured as follows: -

- ✓ One (1) Financial Officer (on contract)

### **4.0 DEVELOPMENT PROGRAMME**

In fiscal year 2017/2018, the Arima Borough Corporation continued its programme to develop its physical infrastructure. A summary of the Development Programme is stated hereunder:

### 4.1 **Budgetary Allocation**

Page | 29 The Corporation was allocated the sum of Twelve Million, Seven Hundred Thousand Dollars (\$12,700,000)

Project Number	Project Head	Allocation
044	Drainage and Irrigation	\$4,000,000
047	Development of Recreational Facilities	\$1,000,000
056	Improvement to Market and Abattoir	\$1,000,000
059	Local Roads and Bridges Programme	\$4,800,000
062	Local Government Building Programme	\$0
065	Procurement of Major Vehicles and Equip't	\$700,000
072	Computerization Programme	\$700,000
074	Laying of Water Mains	\$0
076	Disaster Preparedness	\$500,000
Total		\$ 12,700,000

### 4.2 **EXPENDITURE:**

In seeking to achieve the objectives outlined in the Development Programme, the Arima Borough Corporation expended the following amounts:

Project Number	Project Head	Actual Expenditure
044	Drainage and Irrigation Programme	\$2,169,339
047	Development of Recreational Facilities	\$262,631
056	Improvement to Market and Abattoir	\$0
059	Local Roads and Bridges Programme	\$3,472,741
062	Local Government Building Programme	\$0
065	Procurement of Major Vehicles and Equip't	\$0
072	Computerisation Programme	\$637,974
074	Laying of Water Mains	\$0
076	Disaster Preparedness	\$419,329
Total		\$ 6,962,013

## NB:

Under the tendering process, the Award of Contract approval levels are as follows:

a) \$1		\$300,000	-	Chief Executive Officer
b) \$300,	001 →	\$500,000	-	Special Ministerial Tenders Committee
c) \$500,	001 →	\$1,000,000	-	ABC Tenders Committee
d) Over	<b>→</b>	\$1,000,000	-	Central Tenders Board

### 4.3 Development Programme for 2017/2018 as at September 30, 2018 Details of the projects undertaken for Fiscal Year 2017/2018 are listed in the table below:

Project Name and Number	Allocation including Virements	Detailed Project Activities in 2017 /2018	Actual Expenditu re	Funding Received
044 - Drainage &	\$4,000,000

## 5.0 PUBLIC HEALTH

The work completed by the Public Health Inspectorate for the period October 1<sup>st</sup> 2017 to September 30<sup>th</sup> 2018 were as follows:

### 5.1 ABATTOIR

The total number of animals slaughtered:

TYPE	TOTAL	TOTAL	
<b>OF ANIMAL</b>	SLAUGHTERED	INCOME	
BULLS	62	\$1,240.00	
HORSES	26	\$680.00	
COWS	15	\$450.00	
PIGS	244	\$1,952.00	
SHEEP	5	\$40.00	

### 5.2 FOOD PREMISES:

ТҮРЕ	NO.	TOTAL
OF PREMISES	REGISTERED	INCOME
<b>Retail Shops/Mini-Marts</b>	27	\$13,500.00
Supermarkets	10	\$10,000.00
Restaurant & Bars	82	\$72,000.00
Fast Food	30	\$15,000.00
Parlours/Cafes	34	\$17,000.00
Bakeries	5	\$2,500.00
Hotels	1	\$1,000.00
Food Processing Factories	10	\$5,000.00
Poultry Depots	11	\$5,500.00

### 5.3 FOOD BADGES:

	TOTAL	TOTAL INCOME
Food Handlers Lecture (attendees)	2385	
Food Badges Processed	3253	\$195,180.00

**Food processing factories:** No. of visits to food processing factories = 52 **Food Premises Inspections:** No. of premises inspected for the year = 345 **Itinerant vendors:** Total no. of vendors = 328

### 5.4 NOTICES SERVED:

TYPE OF NOTICE	TOTAL SERVED
Yellow Fever Notices	248
Intimation Notices	76
Litter Removal Notices	32
Statutory Notices	4

Page | 33

### 5.5 COMPLAINTS:

Total No. of complaints received = 197 Total No. of complaints investigated = 194

### 5.6 BUILDING PLANS

Total No. of plans received = 88 Total No. of plans recommended = 68 Total No. of plans not recommended = 20

### 5.7 SCHOOL

Total No. of schools in district = 13 Total no. of visits to schools = 39

### 5.8 WATER APPLICATIONS

Total No. of water applications received = 7

### 5.9 VACANT LOTS

Total no. of vacant lots = 178

### 5.10 GENERAL

The Public Health inspectorate consists of five public health inspectors. There is one (1) Public Health Inspector 111; One (1) Public Health Inspector 11; and Three (3) Public Health Inspector 1's. This complement of public health inspectors is insufficient to adequately monitor public health standards in the Borough of Arima.

Over the years the population of Arima has been expanding with new housing developments, increase in food establishments, businesses and residential housing units. This means that the potential for the risk of rat borne diseases, mosquito borne diseases, food borne illnesses and other health related problems due to increase in insanitary conditions, illegal dumping of garbage and other waste has increased.

Page | 34

It is therefore recommended that the public health inspectorate be increased by the following officers: One (1) public health inspector 11 responsible for Insect/vector and Rodent Control and one (1) public health inspector (11) for O'meara Industrial Estate.

### 5.11 LITTER WARDEN

The work completed by the Litter Wardens for the period October 1<sup>st</sup> 2016 to July 4<sup>th</sup> 2018 are as follows:

The Litter Prevention Unit was comprised of:

• Nine (9) Litter Prevention Wardens.

SUBJECT	TOTAL	COMPLIED	ON GOING
<b>Complaints Received/Investigated</b>	34	30	
Fixed Penalty	6	3	
No. of persons taken to Court	0	0	
Convictions and fines ordered paid			
Clean up Orders	6	6	
Verbal Notices	9		
Derelict Vehicles Removed	3	3	
Litter Removal Orders	56	56	

### **Notices Issued:**

The Litter Prevention Wardens contracts came to an end on July 4<sup>th</sup> 2018. It is recommended that their contracts be renewed since they are a valuable part of the Public Health Department's efforts to maintain high standards of public health and prevent the spread of conditions that are liable to be injurious to the health of the burgesses and visitors to the Borough of Arima.

### 5.12 **INSECT VECTOR/RODENT CONTROL**

	No. of Dwelling Houses Inspected	No. of Premises with mosquito larvae	No. of premises with conditions liable to breed mosquitoes.
TOTAL	12,123	220	367

#### 5.13 THE SANITATION SECTION

The Sanitation Section of the Public Health Department comprises of the following:

$\checkmark$	Sanitation Foreman III	1
--------------	------------------------	---

- ✓ Sanitation Foreman II 5
- ✓ Sanitation Workers 200 ✓ Sweepers 36 ✓ Charge Hands 9

Approximately fifty (50) additional casual workers are used to meet the demand of the Sanitation Section. The Borough of Arima is divided into two (2) areas - North and South with a Sanitation Foreman II attached to each area. The North section is maintained by Three (3) Sanitation Teams while the South section is maintained by four (4) Sanitation Teams. There are two (2) sweeping teams attached to the North Section.

## The Activities of the Sanitation Section for the period under review are as follows:

### 5.13.1 DRAINS

A programme of works was carried out for each area, whereby all drains and streets were cleaned and cleared on a regular basis. As a result of effective planning and co-ordination, the prevalence of clogged drains were reduced to a minimum. Underground drains were desilted and flushed by a team dedicated to this.

#### 5.13.2 **SWEEPING**

The sweeping of the streets has been satisfactory within the business area of the Borough. Sweeping and bagging of this area is done twice per day, seven days a week.

### 5.13.3 SCAVENGING AND BULKWASTE REMOVAL

Scavenging is done by three (3) sections and their performance are rated.

- In house South Western. South Arima Excellent (i) Contractor 1 South Eastern Arima **Satisfactory** (ii)
- Fair
  - Contractor 2 North Arima (iii)

### 5.13.4 **OPEN MARKET**

One (1) twenty cubic meter (20  $\text{m}^3$ ) bin was placed to service the area. The bin is serviced daily. This bin is serviced daily by BK Holdings Limited and is satisfactory.

# 5.13.5 ARIMA MUNICIPAL STADIUM

One (1) twenty cubic metre bin (20  $\text{m}^3$ ) was placed to service the area. This bin is serviced three (3) days per week by Nedcom Limited and is satisfactory.

## 5.13.6 CARNIVAL AND BOROUGH FEST CLEAN UP

The clean-up activities during and after the Carnival and the Borough Fest were carried out by contract and supervised by In House supervisors. Returning the Borough to its well-kept condition in short time.

## 5.13.7 NATIONAL CLEAN UP CAMPAIGN

This activity started May 6<sup>th</sup>, 2018, initially for on two (2) days. It was extended by five (5) days to thoroughly handle the excess bulk waste that was put out.

# 5.13.8 LIST OF THE ACTIVITIES DONE

## (a) CHRISTMAS CLEAN UP CAMPAIGN

This was done by both In House and contracted services. This was quite effective and successful. Despite some minor lapses in domestic garbage pickup in the contracted areas bulkwaste was managed quite well.

## (b) TOWN CENTRE

This service is provided by Waste Disposals (2003) Ltd. Mondays to Sundays morning. We had some challenges with this. The evening scavenging was done by Gopaul & Co. Limited. This service was excellent.

## (c) ARIMA NORTH

This service is provided by Waste Disposals (2003) Ltd. and their performance was fair.

## (d) TUMPUNA/MALABAR

This service was provided by M&N Enterprises Limited and was satisfactory.

## (e) EVENING SUPERVISION

Two (2) Sanitation Foremen are assigned on alternate days to supervise evening pushcart and night scavenging. These supervisors ensure there are no lapses in scavenging. They also supervise the In House scavenging of Institutions and schools within the Borough.

## (f) VACANT LOTS

During the year Two Thousand Two hundred and Eighteen (2018) several vacant lots were cut and sprayed.

## (g) ANNUAL WASTE COLLECTED

Bulk Waste	-	9540 M <sup>3</sup>
Domestic Waste	-	9360 m <sup>3</sup>

# 6.0 THE ARIMA MUNICIPAL POLICE SERVICE

The Arima Municipal Police Service structure is as follows:

Sanctioned strength: One Hundred (100) officers

**Present strength:** Fifty-six (56)

Active duty

ty Fifty-one (51)

- One (1) Superintendent of Police
- One (1) Assistant Superintendent of Police
- Two (2) Police Inspectors
- Four (4) Sergeants
- Seven (7) Police Corporals
- Thirty-six (36) Police Constables

The Arima Municipal Police Service executed the duties outlined below during the period October

**1 2017 to September 30 2018**, in the face of depleting human resource, increase demands and challenging working conditions.

# 6.1 PATROLS

- 1. The Arima Municipal Police Service performed daily sentry duties at the Municipal Police Headquarters on a 24-hour basis.
- 2. The Arima Town Hall compound was patrolled daily, especially during the evening and night shifts, to ensure the general security of the building, the corporation's assets lodged on the Compound and to detract any would-be offenders.
- 3. An armed officer was posted daily at the Town Hall during the opening hours and as needed by His Worship the Mayor.
- 4. Daily patrols were made during the week and on weekends at the Arima Public Market, and the Open Market also by officers from the Immigration Centre and the Praedial Larceny Unit to ensure that vendors carried out their trade in compliance with the Arima Market Bye-Laws, also the general safety of the burgesses, workers and visitors to the Market were observed.
- 5. As at 14th September, 2018 all patrols and extra duties performed by officers Immigration Centre and Praedial Larceny came to an end. Arima Municipal Police officers resumed duties at the market.
- 6. Mobile patrols and general law enforcement continued throughout the Borough of Arima.

7. A concentration in Street patrols made a significant impact and effectively curbed Illegal Street vending, foot patrols were made on a daily basis, in and around the Town Center, with special attention being paid to the obstructions of footpaths, traffic violations, and generally maintaining law and preserving order.

Visits were also made at the Arima Corporation facilities, e.g. the Stockpile, Abattoir, Page/38 8. Velodrome and the Amphitheatre area, which were manned by Maintenance Training and Security (MTS) officers and Advance Security Canine Officers, respectively.

9. Officers made round-the-clock mobile patrols to ensure that the business of the Arima Corporation were not disrupted and by extension, the safety and security of the Burgesses.

#### 6.2 SECURITY ESCORTS

- 1. Police officers made night-safe bank deposits of revenue collected by the Arima Corporation.
- 2. An armed Police Officer escorted the Market Clerk when they collected dues, and they transported these dues to the cashier at the Administrative Office.
- 3. Her Worship the Mayor had armed police escorts (Orderly and Driver) on her official engagements or as required.
- 4. Armed Officers provided security for the Public Health Officers during their night duties/exercises.
- 5. Police Officers also escorted Building Inspectors during the service of several types of Notices to errant building owners for breaches of the Law.
- 6. During the Carnival Celebrations, Police Officers were detailed for duty at strategic points within the Borough.

### 6.3 **OTHER**

- An Armed officer was detailed on Orderly duty at all Statutory Meeting of Council. 1.
- Officers provided security for the clean- up exercises in the Arima Market, and other 2. exercises throughout the Borough of Arima.
- Police Officers were present at several Public meetings, which were held at various 3. locations throughout the Borough.

# 6.6 CASES BROUGHT BEFORE THE ARIMA MAGISTRATE COURT DURING THE PERIOD OCTOBER 01st, 2017 TO SEPTEMBER 30th, 2018.

There were eighty (80) cases brought before the Arima Magistrates' Courts.

Bye Laws: 00 Indictable: 03 Traffic Cases: 61 Summary Offences: 11

As the new financial year 2018 – 2019 approaches, it is our desire to provide Arima Borough with a more enhanced form of Policing. With the empowerment of proper communication between the Trinidad and Tobago Police Service and the Arima Municipal Police, the support of additional equipment, the necessary gears and more important the additional human resources, these will go a long way in us achieving our Organizational goals.

### 7.0 **DISASTER MANAGEMENT UNIT**

### 7.1 **INTRODUCTION**

The Disaster Management Unit, which was established from a Cabinet Note in 2008, is founded on the strategic objectives of the Ministry of Rural Development and Local Government formerly Ministry of Local Government. Some of the main objectives were to build community resilience, Page | 44 capacity and a disaster risk reduction culture. These were the elements addressed in the Sendai Convention which proposed a framework for risk reduction for 2015-2020 adopted by the Office of Disaster Preparedness and Management.

While there is a focus on risk management from a ministerial and borough corporation level there is need for more emphasis on personal responsibility in response to emergency preparedness. In this vain the Disaster Management Unit conducted numerous community sensitization programs to build awareness on personal responsibility. Family emergency response planning was the foundation of our lectures which included the items required for a ready-to-go kit, emergency supplies, the importance of monitoring weather updates and ensuring and securing the safety of family members through communication and consultation.

To manage emergencies, the Disaster Management unit acknowledges the importance of information and analyzing trends. Whilst the unit is faced with some challenges in this area, efforts continue as we gather pertinent information to inform vulnerability assessments and logistics for emergency relief items.

At the Arima Borough Corporation/Disaster Management Unit the staffing includes one (1) Disaster Management Coordinator and two (2) filed Officers. With reference to Cabinet note of 2008, the Disaster Management Unit is charged with the responsibility of disaster management incumbent of the phases; preparedness, mitigation, response, recovery and business continuity. The roles and responsibilities over the years have evolved but there are specific, critical elements which is consistent. They include:

- 1. To advise on Disaster Management Strategies for the municipality
- 2. To coordinate response activities of responders
- 3. To provide primary relief to victims of man-made and natural disasters
- 4. To develop and execute disaster Risk Reduction Initiatives
- 5. To facilitate all activities ta the Municipal Emergency Operations Centre.

### 7.2 **ACTIVITIES**

- Field Officer (Ms. Rattan) attended a Two Day Training on Climate Change Vulnerability 1. Mapping. This training was organised by the Ministry of Planning and Development in collaboration with the Office of Disaster Preparedness and Management. Hands on Geographic Positioning System (GPS) training and theory was presented to various Disaster Management Stakeholders. Certificates were presented to participants for completion of the Page / 45training at the end of the two days.
- 2. The Disaster Management Unit completed the correction of Essays submitted by Primary School students of Arima -This school project was spear headed by the Sub-Committee of Disaster Preparedness, Health, and Safety of the Borough of Arima. The title of the Essay judged was "How to prevent or reduce flooding in your neighbourhood with specific reference to the Arima Borough." The Disaster Management Unit field officer- Ms. Avianne Rattan was also appointed the head judge on the panel.
- 3. Stakeholder meetings were held to maintain cooperation and collaboration with all response agencies.
- Our Field Officer Ms. Jessica Estephane attended a one day seminar hosted by the 4. University of the West Indies Seismic Research Unit at the St Augustine Campus for all Disaster Management Units. It was geared at furthering collaboration and improving the efficiency of communication between the Disaster Unit of each district and the UWI-Seismic Research Centre. The workshop explored strategies to assist the units in reducing vulnerability to seismic hazards at the community level.
- 5. The Arima Borough Corporation Disaster Management Unit was active from the 19<sup>th</sup> October into the weekend period of the 20<sup>th</sup> - 21<sup>st</sup> October 2018. The Unit made site visits to Greenvale area on the night of the 19<sup>th</sup> October, 2018 The Arima Disaster Management Unit distributed relief equipment to outfit the newly opened shelters. A number of shelters were opened to house displaced and evacuated residents. The following is a list of shelters that were opened and our Unit's input at each:
  - La Horquetta Regional Complex Twenty-Four (24) single green military cots.
  - La Horquetta South Government Primary School Thirty (30) single green military cots, twelve disposable blankets and four(4) heat proof Disaster blankets, Shelter Forms (undisclosed amount).
  - Christian Bredrin Ministries (Church) Twenty (20) single green military cots, twelve(12) disposable blankets, Shelter Forms (undisclosed amount).
  - Malabar Community Centre- Shelter forms (undisclosed amount).
  - Calvary/Mt. Pleasant Community Centre Sixteen (16) single green military cots, Six (6) disposable blankets, Shelter Forms (undisclosed amount).
- 6. Fire Emergency Drills conducted with the all students, Principal, Teachers, Auxiliary Staff and Security Personnel at Arima Hindu and Malabar Government Primary School. This was achieved under the supervision of the Arima Fire Station Fire Prevention Department, the Arima Borough Municipal Police and the Staff of the Disaster Management Unit.
- 7. The Disaster Unit conducted emergency response/preparedness sessions with all members of the Crisis Committees at Arima Boys Government Primary School and Malabar Government Primary School.

- 8. Home Emergency Preparedness/Response Training was conducted with the Parents and Teachers Association at Arima Hindu Primary School.
- 9. Basic Radio Communication Training sessions were conducted by the Unit for the senior classes of Arima Presbyterian Primary School, Arima New Government Primary School and Malabar Roman Catholic School.

Page | 46

- 10. Critical emergency response training sessions were held for all stakeholders in an effort to build resilience
- 11. The unit conducted Educational Emergency Response training with members of staff in the Arima Borough

# **7.3 INCIDENTS 2018**

## 7.4 **PROJECTIONS FOR 2019-2020**

## 1. Go Green

The Disaster Management Unit plans to "Go Green", with this initiative the unit will be looking into ways for solar energy to be used in the office. This will be used to power all electronic devices on a daily basis, and not just used during emergencies. The Unit is also currently actively involved in the ICARETT recycling programme, by putting aside all plastic/glass containers towards this. In addition, the Unit aims to acquire a water filtration system, thereby eliminating the need for purchasing of bottled water.

# 2. Acquisition of Equipment

The Disaster Management Unit has taken the lessons from 2018, and aims to better serve the country. As such because of the location of the Borough, the Unit seeks to procure items that will help our sister corporations (TPRC and SGRC) should the need arise. To this end, the Unit is looking into water crafts (dinghies) and unmanned aerial vehicle (drones). The Unit will also be

restocking items that would have been depleted (mattresses, blankets, tarpaulins), and also catering for the opening of more shelters (cots, generators).

The Unit will also be looking to obtain a Mobile Emergency Operations Centre (EOC). This vehicle will serve as the EOC of the Unit when on the field. This EOC will be equipped with solar panels which will in turn power the laptops, printer, a/c unit, lights and other equipment as need be. The Page | 47 vehicle will also have desks and chairs to accommodate the relevant staff.

will procured А weather station be for the Unit, this would be able to measuring atmospheric conditions to provide information for weather forecasts and to study the weather and climate. As climate change continues to affect us, it is imperative that the unit is able to monitor the situation.

### 3. Training

The Disaster Management Unit recognizes the need for training at all levels, for staff of the Corporation as well as the burgesses. In light of this the Unit through the Senior Disaster Management Coordinator will be partnering with the Red Cross Society of Trinidad and Tobago to offer Shelter Management Training, Community Emergency Response Team (CERT) Training, and Incident Command System (ICS) Training as well as any other training that may be deemed relevant to the staff and burgesses. The intention of this training would be to equip individuals to take care of themselves and their families during emergency situations.

A large part of the conversation would be geared towards being able to sustain one's family for a 72 hour period post emergency as this is part of the National Disaster Relief Policy. Within this timeframe essential utilities may malfunction. The authorities, such as the Water And Sewerage Authority (WASA), Trinidad and Tobago Electricity Commission (T&TEC), Trinidad and Tobago Police Service (TTPS), Trinidad and Tobago Fire Service (TTFS) and Health Services may not be able to get to citizens immediately during or after a disaster. This allows the relevant authorities' sufficient time to recover and respond. The protocol seeks to instil a culture of self-dependency within citizens of Trinidad and Tobago.

### 7.5 **CONCLUSION**

The Arima Borough Corporation Disaster Management Unit will continue to serve the burgesses and the country as a whole to the best of our capabilities aiming to ensure that those most in need are the first to receive and that we encourage the rehabilitation of those affected so that they can return to a state of normalcy as soon as possible. With this in mind we will be actively seeking to build capacity amongst the staff and burgesses to assist themselves, each other and the wider country by focusing on various training courses. The Unit seeks to make a difference in the world by lessening our carbon footprint, thereby helping to save the environment. The move to solar energy should be emulated across the board, as oil and gas are finite / non-renewable resources that are depleting rapidly.

# 8.0 HEALTH AND SAFETY

# 8.1 INTRODUCTION

In an effort to comply with the Occupational Safety and Health Act Chapter 88:08, The Arima Borough Corporation through its Management has continually struggled to do much with very little by way of available funding as it pertains to achieving the objective of a safe and productive working environment.

Page | 48

# 8.2 ACHIEVEMENTS

- 1. After the challenges of 2017, the Administration Office was finally relocated to its current location at the Xtra Foods Compound, corner Orchard Gardens and O'Meara Rd, Arima. There are some adjustments required for optimum use of the current facilities and as such recommendations have been proposed by the Joint Occupational Health & Safety Committee to the CEO.
- 2. A reasonable and practicable implementation of a Health & Safety Programme for the FY2017/2018 has been negatively impacted by the unavailability of funds. The full complement of Personal Protective Equipment (PPE) and uniforms is yet to be procured and distributed to employees and as such this creates a severe challenge for the continued provision of service to the burgesses.

# 8.3 **RECOMMENDATIONS**

- 1. There is need for the creation of an outfall for the perimeter drain on the compound of the Garage/Stockpile. There is the potential for the creation of a health hazard.
- 2. Recommendations continue to be made for appropriate accommodation for the Municipal Police.
- 3. There is a need for the implementation of a robust maintenance programme within the various workplaces of the Corporation. This will save from embarrassing situations and aid in the provision of safe and healthy workplaces.
- 4. Critical recommendations made by the Trinidad & Tobago Fire Service (TTFS) as regards the Arima Market, are outstanding and therefore present a challenge for the safe operation and administration of the Market.
- 5. Some facilities at the Garage/Stockpile Compound need to be upgraded such as the storage of chemicals and protocols in the use of those chemicals by the Vector Control Teams.

# 8.4 CONCLUSION

Part II Section 6 of the Occupational Safety and Health Act Chapter 88:08, places a duty of care upon all employers so far as is reasonably practicable, to ensure the safety, health and welfare of employees while at work.

# 9.0 INTERNAL AUDIT DEPARTMENT

The Internal Audit Section at the Arima Borough Corporation was established in accordance with the Financial Regulations, 1965 Section 13(4), which stipulates that "each Accounting Unit shall have a check staff and an independent Internal Audit Section".

The scope of work of The Internal Audit Section entails the examination and evaluation of the Page / 49 systems of internal controls to ensure compliance with the following:

- The Financial Regulations 1965
- The Financial Instructions 1965
- The Statutory Authorities Service Commission Act
- The Statutory Authorities Service Commission Regulations
- The Municipal Corporations Act 21 of 1990 and subsequent amendments
- The Municipal Corporations Pensions Act, Chapter 25:05
- The Bye Laws of the Arima Corporation
- The Terms and Conditions of Employees as set by the Chief Personnel Officer.
- Circulars and directives issued by the Chief Personnel Officer, The Ministry of Finance and the Ministry responsible for Local Government.
- Other relevant laws and guidelines.

The Section is comprised of an Auditor I and an Auditing Assistant and reports directly to the Chief Executive Officer of the Corporation.

For the fiscal year 2017/2018 the Section performed investigations as instructed by the Chief Executive Officer, routine audits on revenue collection, petty cash, disbursements etc., and verification of computations and records submitted by various departments within the organization. It must be noted that the Arima Corporation is responsible for the payment of retirement benefits to both its daily-rated and monthly paid employees. Emphasis is placed on the accuracy and completeness of information documented for all employees.

The Internal Audit Section, therefore, plays a key role in the organization by assisting the Officers of various departments to effectively discharge their duties by providing objective analysis and interpretations of regulations and guidelines, making recommendations for greater efficiency and compliance, and, providing information on established practices and procedures.

# 9.1 AUDIT ACTIVITIES FOR 2017/2018

Stated below are the activities for the period 1<sup>st</sup> October 2017 to 30 September 2018.

# 9.2 ROUTINE AUDITS

Audit for compliance with regulations and procedures were conducted in following areas:

- Cash surveys on cashier
- Petty cash disbursement records
- Submission of Life Certificates by Pensioners
- Disposal of used tyres
- Counterfoil receipt books (for removal to external storage).

# 9.3 INVESTIGATIVE AUDITS

The following audit exercises as directed by the Chief Executive Officer were conducted:

- Verification of receipt of construction materials (blue Metal Stone) for the period 23<sup>rd</sup> March 2016 29<sup>th</sup> November 2017.
- Status of outstanding dues owed by Arima Market Vendors as at 30<sup>th</sup> June 2018
- Alleged discrepancies in the issuance of Food Badges
- Verification of receipts and custody of mobile handsets purchased for use by the Arima Municipal Police and The Disaster Management Unit.

# 9.4 VERIFICATION OF COMPUTATIONS AND RECORDS

The understated is a list of the computations and records examined and verified by the Audit Section for authorization accuracy, compliance and completeness.

	PARTICULARS	FREQUENCY	AMOUNT
1.	Pay sheets for monthly paid employees	Monthly	
2.	Pay sheets for contract employees	Monthly

- 5. Conducted Step 3 meetings with respect to daily-rated matters, as well as other grievance Page / 55 meetings involving monthly-rated and daily rated issues.

# **10.13 TRAINING AND DEVELOPMENT**

The Personnel Department recognizes the critical role that it must play in ensuring that its Human Resource capabilities are at a level to achieve the organizational goals and objectives. The Department therefore continued to offer training to its employees in order to enhance job performances. To this end needs were identified and employees trained in the following areas:

- Salary Administration in the Public Service
- Performance Management Appraisal System

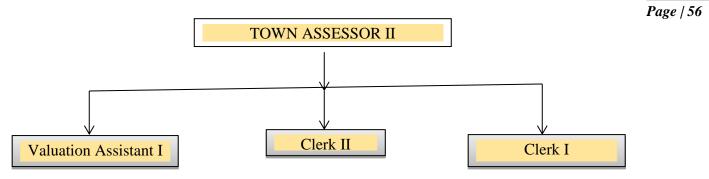

# 10.14 CONCLUSION/RECOMMENDATIONS

- 1. The demands for Human Resource Services have increased considerably, this must somehow be complemented with adequate staffing. To this end there is need for the establishment of a Human Resource Management Unit.
- 2. It is to be noted that since the boundaries of the Borough extended in the 1980s there has been no notable increase in the daily rated workforce.
- 3. The development of several new housing areas within the Borough has put an additional strain on the human resource that is currently available to meet the demands for services.
- 4. It is important that the workforce be increased in order to adequately service the increasing needs of the burgesses.

The Department usually presents the House Rate Book to Council by statutory deadline on or before March 31 of each year. However, with the proposed restructuring of the Property Taxes, this function has been suspended indefinitely with effect from 31<sup>st</sup> December 2009.

### **11.7 OTHER SERVICES**

A total of six hundred and forty-five (645) Assessment Certificates were prepared for this period.

Leases processed: 01

Consents processed: 08

\*Other services include: certified copies, certificates of assessment, extracts, consents, processing of leases, etc.

### **11.8 REMARKS**

### Page | 58

The Assessment Department is currently operating with a Town Assessor, one (1) Ag. Valuation Assistant, one (1) Ag. Clerk II and one (1) Temporary Clerk I. Some of the functions mentioned above are still suspended, due to the proposed restructuring of the Property Tax Bill. As such, the collection of rates and taxes have ceased with effect from January 1<sup>st</sup> 2010. However, the department continues to collect arrears of House Rates and Taxes prior to 2010 and Land Rents for Brooklyn Estate Properties in this financial period.

Currently the House Rates Rolls and Ledgers as well as all data entry are up to date and are maintained on a daily basis.
