### PRINCES TOWN REGIONAL CORPORATION NOTES TO THE ACCOUNTS FOR THE PERIOD 01 OCTOBER 2014 TO 30TH SEPTEMBER 2015

#### 1. General Information

The Princes Town Regional Corporation is a Local Government Authority, and was incorporated on 13<sup>th</sup> September 1990 by the Municipal Corporation Act 21 of 1990. The Corporation operates a Council-Chairman form of Government and provides the following services as authorized by the Act; development and maintenance of public infrastructure, health and environmental services, recreational and public services, including safety and well being.

Funding for the activities of the Corporation is provided mainly by Government Subvention on a deficit financing basis. The Corporation also raises its own revenue from services provided to its citizens, the majority of which are derived from the collection of rent from parks and recreation grounds, fees for the use of markets and abattoirs, cemeteries, poultry waste, fecal collection and disposal and building application.

Subvention from Government for the purpose of these financial statements fall under two (2) major headings; Recurrent Services and Development Programme, and as such, expenditure incurred is classified accordingly.

#### 2. Summary of Significant Accounting Policies

#### a) Basis of Preparation

The Financial Statements of the Corporation are prepared on a modified accrual basis, which is a hybrid between the cash basis and the accrual basis, using historical cost conventions, where no account is taken of inflation or market values.

This basis of preparation, also called "The Sylvester Model" has been the method followed by the Corporation for many years, and was implemented by the Ministry of Local Government in 1995. Documentation concerning approval by the Ministry of Finance for this basis of preparation does not reside at the individual Corporation level...

Income is recorded when amounts are received by cash or cheque. Expenses are deducted when they are paid by cheque.

Generally, no accrual is made in the financial statements for liabilities which have been incurred but which have remained unpaid at year end. No directive has been received from the Treasury Division of the Ministry of Finance, instructing the Corporation to incorporate commitments into its financial statements, except where there is a bounded contract.
